Dress for the Weather

As the weather gets colder, please remember to dress your children appropriately for outdoor activity each day. As long as the weather permits, we will continue to be outside for arrival. We will also continue to go outside for recess. Please remind your children to bring their jackets to lunch.

Parking

When parking on school grounds, please be mindful of the cones that are set up in the circular driveway. We have been working with the Sayreville Police Department. These cones have been placed there for a reason. Please do not park in areas where the cones are set up. Please be advised that tickets may be issued.

Walking Club

One of our goals at Arleth Elementary School is to teach students healthy lifestyle practices as well as academics. It is recommended that children should participate in 60 minutes of physical activity daily. In keeping with this goal we have started a walking club at Arleth School. Each morning at 8:30 am students can walk with teachers for 10-15 minutes before school on the blacktop. The Walking Club has logged in over 4 miles since they started. Staff and students are having fun and getting exercise at the same time. All students are invited to walk in the morning but participation is voluntary.

Family Math and Reading Night

Family math and reading night was a tremendous success. All of the parents and students who attended learned fun activities that they could do together. I want to thank everyone who participated in this program and helped organize a fun family event.
